About:

A leading manufacturer of value engineered commercial lighting products that serve commercial, industrial, and residential markets.

Founded in 2001 as a Domestic OEM manufacturer, Energetic made the decision to shift most of its OEM business to its parent factory and serve the North American market as a brand in 2015. Energetic is a value engineered brand that is dedicated to delivering quality products at value engineered pricing. Energetic's goal is to be the best value at the best price.

Products:
