Additional Information:

MORRIS Products is looking for a rep to cover Utah, Southern Idaho and Montana. We have recently added a company owned warehouse in Southern California and are looking for increased coverage in a portion of the Western Region. We are a Tier 1 supplier for Platt and have existing business in the territory. We have a broad product offering, and overlap with many manufacturers, but we can usually work within your system to manage any conflicts caused by the overlap. Please contact Kerry King if you are interested in representing MORRIS Products.
