NEMRA22 COVID-19 SAFETY PROTOCOLS UPDATE

The health and safety of everyone attending NEMRA22 is our top priority.

As such, NEMRA will continue to follow all current safety guidelines to ensure a safe environment for all.

During NEMRA22, we ask attendees to be respectful of one another and adhere to the mandated COVID safety guidelines as laid out by the State of Texas and the Hilton Anatole.

The Texas Department of State Health Services has a comprehensive webpage on COVID-19 with the latest information on testing, vaccinations, symptoms, what to do if you feel ill, protecting yourself and others, and more.

Visit <https://www.dshs.texas.gov/coronavirus/> for more information.

We plan to communicate any additional COVID-related precautions right up to the first day of the event on Feb 2, 2022.

We acknowledge that no in-person event can be completely risk-free and are asking you to do your part in helping NEMRA deliver a safe event.

If you are fully vaccinated, thank you! That is the best thing you can do to protect yourself and other attendees. Please note that Texas law prohibits NEMRA from requiring a vaccine as a right of entry for NEMRA22.

You can also visit the CDC website for more information on how to protect yourself from COVID-19.

Jim Johnson
