

STEPPED EDUCATIONAL CURRICULUM

In partnership with:

Elevate Your Lighting Expertise

In partnership with the Illuminating Engineering Society (IES), NEMRA Lighting introduces a first-of-its-kind virtual platform to elevate your knowledge in lighting and controls.

With four progressive levels, this stepped curriculum takes you from industry newcomer to consultative lighting expert, even preparing you for the Lighting Certification (LC) exam. Levels One and Two are FREE to NEMRA Lighting members.

This exclusive program is your pathway to personal and professional success in the lighting industry.
