EV CHARGER BASES

Level 2 CP Cube-3

Precast Concrete 24"x24"x24" Cube base for ChargePoint CT4000, CP6000 series chargers, with an integrated 2" or 4" conduit and lifting point. 5,000 PSI. 1200 lbs TYP.

Level 2 LG

Precast Concrete Universal Base 36"x36"x12" with an integrated 2" or 4" conduit opening, lifting point. 5,000 PSI Concrete and optional mounts for bolt on protective posts. 1350 lbs TYP.

Level 2 M

Precast Concrete Universal Base 24"x36"x12" with two integrated concrete post with yellow HDPE sleeves, integrated 2" or 4" conduit opening, lifting point. 5,000 PSI Concrete. 900 lbs TYP. Single Post, Dual Post, and No Post options available.

Level 2 SM

Precast Concrete Universal Base 16"x36"x12" with two integrated concrete post with yellow HDPE sleeves, integrated 2" or 4" conduit opening, lifting point. 5,000 PSI Concrete. 700 lbs TYP. Single Post, Dual Post, and No Post options available.

Level 3 LG

Precast Concrete Universal Base 60"x48"x8" with conduit pass through, mounting bolts and 2 lifting points. 5,000 PSI Concrete and optional mounts for bolt on bollards. 2,010 lbs TYP.

Level 3 SM

Precast Concrete Universal Base 48"x48"x12" with conduit pass through, mounting bolts and 2 lifting points. 5,000 PSI Concrete and optional mounts for bolt on bollards. 2,400 lbs TYP.

POWERPADS & UNIVERSAL EQUIPMENT PADS

POWERPAD UNIVERSAL KOHLER/GENERAC

Precast Concrete Universal Generator Pad for Generac Guardian and Yellowstone series and Kohler RCA 14kW to 26kW series generators - 54"x32"x3" - 5000 PSI Concrete.

POWERPAD UNIVERSAL HEAVY DUTY KOHLER/GENERAC

Heavy Duty Precast Concrete Generator Pad for Generac Guardian, Yellowstone and Kohler RCA 14kW to 26kW series generators - 54"x32"x3" - 5000 PSI Concrete Weight: 270 lbs TYP.

POWERPAD KOHLER RCA

Precast Concrete Generator Pad for Kohler RCA 14kW to 26kW series generators 54"x32"x3" - 5000 PSI Concrete Weight: 190 lbs TYP.

POWERPAD KOHLER RESV

Precast Concrete Generator Pad for Kohler RESV 10kW or 12kW series generators 37"x34"x3" - 5000 PSI Concrete Weight: 235 lbs TYP.

EZ-EQPAD SM / LG

Precast concrete universal equipment pad with no threaded inserts for use with electrical, telecom, and mechanical equipment.

EZ-EQPAD SM 37"x34"x3" **EZ-EQPAD LG** 54"x32"x3"

**CUSTOM SOLUTIONS
FOR PROJECTS**

If you can't find exactly what you need, we've got you covered. At EZ-CRETE, we specialize in delivering tailored solutions that align with the unique demands of your solar projects. From **custom inverter racks** to **large utility pads** and beyond, our expertise in precast manufacturing ensures we meet your exact specifications with precision and reliability.
