BLUEBEAM
A NEMETSCHEK COMPANY

BLUEBEAM

Stay Connected and Win More Quotes.

Bluebeam helps NEMRA lighting members streamline collaboration with real-time document markups and cloud-based access to the latest project updates.

Save time and money, project after project

- **Communicate clearly:** Mark up 2D or 3D PDFs with tailored tools to fit your project needs.
- **Standardize markups:** Save and share favorite markups to streamline workflows and speed up projects.
- **Keep teams in sync:** Track every change to ensure everyone is always on the same page.
- **Collaborate in real time:** Invite teams for live markups and measurements on any device.
- **Automation & updates:** Boost productivity with smart tools, automation, and software integrations.

BLUEBEAM
A NEMETSCHEK COMPANY

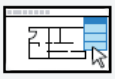
Designed by the Industry, for the Industry

Reduce rework and inefficiencies at every project stage with smart tools for information-rich markups, real-time collaboration, and process optimization.

Key Capabilities

Advanced Markup Tools: Create, edit, and measure PDFs with tailored AEC industry-standard markup tools.

Real-Time Collaboration: Collaborate securely with team members from anywhere using Studio for real-time document sharing and updates.

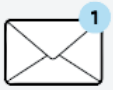


One Source of Truth: Centralize project documents in the cloud for secure access and version control.

Process Optimization: Streamline workflows with batch processing, slip-sheeting, and customizable toolsets.

Mobile and Web Support: Access and edit documents on the go via mobile devices or web browsers.

Integration-Friendly: Connect with popular tools such as AutoCAD, Revit, and Procore to enhance project workflows.



Training and Support: Get on-demand training, expert consulting, and world-class technical support.

Trusted by over 4 million professionals

Members gain access not just to Bluebeam but also to a comprehensive network of service providers designed to elevate your business. Together, we empower you to thrive in a competitive market.
